

# Reindeer Food

Christmas Eve is a special night  
Santa's reindeer will soon take flight  
It's a lot of work to pull the sleigh  
Those reindeer fly 'til night is day!

So help those tired reindeer out  
And sprinkle this food all about  
The oats will keep them flying strong  
So Santa can work all night long!

The glitter is very special, too.  
It lights the way right down to you.  
So as the reindeer fly and roam  
This will lead them to your home.
